## Farewell

With many conflicting feelings, this is the last article I will write for the LSCO Times as Executive Director. I am very proud of the progress we have made as an organization over the past 17 years and I want to thank our staff, Board and members for moving us forward, together. I am proud that we developed a culture of collaboration and partnership, be it internal or with our community. I am proud that LSCO has helped to lead many local, provincial and national initiatives such as Age Friendly Lethbridge, Healthy Aging Alberta and the National Social Prescribing Community of Practice. I am proud that LSCO was a leader in a community-led pandemic response that received recognition from the United Nations and World Health Organization. I am proud that we received the Minister’s Seniors Services Award and were recognized by Lethbridge Family Services as an inclusive organization. I am proud that we developed a collaborative, community-based seniors services system (Seniors Community Services Partnership) that was nationally recognized. I am proud that our program department developed into a respected and comprehensive fitness, wellness and sport entity. I am proud that we merged with the Meals on Wheels Society to ensure those services continued to be available to those in need. I am proud that we grew the Lethbridge Elder Abuse Response Network from nothing, into the model of elder abuse service delivery for our province. I am proud that we have many long-term staff and many more that express their desire to work here long-term.

What I am most proud of is that our staff, Board and members knew that I had the best interests of LSCO at the forefront: how we developed a culture of caring, how people – not things - are our strength, and how working together was always better than working apart. I am certain that my new role will enable me to continue those ways of work and I will be forever grateful to everyone at LSCO for providing me with the honour and privilege of working here.

With much love,  
Rob

**Thank you  
Rob for 17  
years of  
serving the  
LSCO!**

## Leadership Transition

Hello again!

As you already know January 20, 2025, Rob Miyashiro was sworn in as the Member of the Legislative Assembly representing Lethbridge West Constituency. The residence of Lethbridge West will be very well represented by Rob. Also, I think Alberta senior citizens and people with disabilities will be represented as Rob also has a passion for the well being of these groups.LSCO is going to miss Rob’s leadership. On behalf of the membership, the staff, and the Board of Directors I would like to thank Rob for his dedication to our organization.

As I mentioned in the December LSCO Times the Board has started the recruitment process for a new Executive Director. We have reviewed over 160 resumes and short listed about 8 candidates. By the time you read this we will be arranging appointments with the most qualified candidates for interviews. The name of the successful candidate will be announced by the Board as soon as possible.

If you have any questions, please contact me.

## Fundraiser

### Therapeutic Recreation Month

The Lethbridge Polytechnic in Therapeutic Recreation-Gerontology students have organized a fundraiser for LEARN during the month of February!

- Ways to contribute:
- **Round Up & Donate** – Coaldale Pharmasave customers can round up their purchases to support the cause.
  - **Handmade Dishcloths for Sale** – Purchase hand-crocheted dishcloths on Feb 14th, 10 AM – 3:30 PM at Lethbridge Polytechnic’s Centre Core.

## LSCO Snow Removal

**\$12,000 Goal**

In December, we received notice that the LSCO Subsidized Snow removal would be losing funding. In response, we asked for individuals to sponsor a senior’s snow removal for some or all of the remaining snow season. However, we have still not reached our goal to cover the subsidy.

Snow removal is vital for ensuring low-income seniors can safely access essential services like HomeCare, Meals on Wheels, and emergency responders.

We remain committed to continuing this program for the rest of the winter season, **but we need your help to make it possible.** You can donate at the LSCO or by visiting [www.canadahelps.org/en/dn/124792](http://www.canadahelps.org/en/dn/124792)

# The Volunteer CONNECTION

## Volunteer Opportunities

### Kitchen Volunteers *Flexible*

We are looking for volunteers in our Kitchen and Dining Room. Volunteers are an important part of our team and help to keep the meals affordable at LSCO. We are looking for Dishwashers and help with food prep.

### Bingo *Thursdays 11am - 4pm*

LSCO runs the bingo program at Winners Bingo to raise money for our organization. Activities range from selling bingo cards to counting money in a smoke-free environment. Our bingo team is fabulous, but we are almost always in need of an extra helper or two. You'll get your steps in if you work on the floor, selling bingo cards, and all volunteers are entitled to a free lunch!

### Tax Preperation Volunteers

We are looking for volunteers to process and file tax returns for the LSCO 2024 Tax Program. Volunteers are integral to the delivery of this program. All volunteers will register with the CRA and will need to have a Criminal Records Check completed, at no cost to the volunteer. Your help is greatly appreciated!! You do not need to be an accountant to volunteer.

### St. Patrick's Day Pub *Friday, March 14th 5-8 pm*

Volunteers are needed to help with set up, take down, serving food, doing dishes, running the 50/50 and the bar.

## The Joy of Volunteering: Finding Fulfillment and Making a Difference

### Volunteer Coordinator

Carla McNally

volunteer@lethseniors.com  
ext. 208

Becoming a part of something as a volunteer, especially something that you feel passionately about, is an incredible feeling! A lot can be said about how others benefit when you volunteer, but, giving of your time and service to others has incredible value to you, as well:

- Benefits to both mental and physical health
- Helps counteract the effects of stress, anger and anxiety. Nothing combats stress better than meaningful connections with others
- Brings fun and fulfilment to your life
- Boosts your self confidence. Providing service to others fosters a feeling of accomplishment
- Helps take your mind off your own worries. Volunteering keeps you mentally stimulated and adds more zest to your life
- Provides you with renewed creativity, motivation, and vision that can carry over into your personal and professional life.

Your time is valuable so it's important that you enjoy and receive benefit from volunteering. Make sure that the role you are volunteering for is a good fit for you – your skills, goals, and time commitment. Make sure you know what's expected of the role. Do not feel compelled to stick with a volunteer role you don't enjoy doing.

Ask yourself a few questions:

1. Is there any training involved?
2. Who will I be working with? - Is the organization welcoming?
3. Why would I enjoy this role?
4. Will my volunteer time negatively affect any other time commitment I must honour?
5. Does this role have a significant impact on the organization?
6. Will my volunteer commitment make a difference in other peoples' lives?
7. Does the organization mirror my values/ethics?

You should be comfortable with the organization and understand the time commitment. Consider starting small - don't over commit yourself. Give yourself permission to change your focus if needed. Don't be afraid to make a change. Volunteers are the life-blood of our organization and we want you to have fun and enjoy the experience!

## What is Qigong?

Qigong practice combines meditation, sound, breathing techniques, movements, and postures of the body to activate and cultivate this energy called qi.

Qigong (pronounced “chee-GONG”) is a Chinese energy healing and energy balancing technique that has been practiced over 7000 years. Qigong principles form the basis of all Traditional Chinese Medicine. Many people in China practice qigong, and many doctors teach their patients different qigong exercises and postures to help them heal.

The concept is that all Qi is intended to flow smoothly and continuously; to be in harmony and in balance with the universe. Qigong practice helps the qi (life force energy) in the body flow freely, so the body stays in balance and healthy, which helps prevent energy blockages. It can also help heal energy blockages when the body is sick.

### What is Spring Forest Qigong?

The creator of Spring Forest Qigong, believed that the most effective form of qigong is simple and he created Spring Forest Qigong with the vision of “Everyone was born a healer. A healer in every home and a world without pain and suffering.”

Spring Forest Qigong is designed to be very simple to learn and practice, yet very powerful in its benefits. Spring Forest Qigong is a practice of breathing, focusing your mind, doing very simple body movements, and meditating.

## What is Essentrics?

The goal of the Essentrics Workout is to create a balanced body such that the strength in your muscles doesn't inhibit your movement, and your mobility is enhanced by your strength. Essentrics dynamically combines strengthening and stretching to develop a strong, toned body with the complete ability of moving each joint and muscle freely and with full range of motion.

Essentrics is phenomenal for all ages and fitness levels:

- Active Older Adults: The gentle, low-impact nature of Essentrics makes it ideal for seniors looking to maintain flexibility and strength, range of motion, balance and mobility.
- Individuals with chronic pain: Essentrics can help alleviate pain and improve joint mobility, making it popular among those with conditions like arthritis.
- Racquet Sport Players: Many professional and amateur athletes use Essentrics to improve their flexibility, strength, balance and overall performance.
- General fitness enthusiasts: Anyone looking to improve their posture, flexibility, range of motion and overall fitness can benefit from Essentrics. Please bring a water bottle and yoga mat.

# Pink Shirt Day February 26, 2025

## Seniors System Navigator

April Guild

aguild@lethseniors.com  
ext. 204

Pink Shirt Day 2025 is an important event that encourages kindness, inclusivity, and the fight against bullying. Observed on February 26th, this day reminds people of all ages to wear a pink shirt as a symbol of support for creating safer, more respectful communities. The movement began over a decade ago when two high school students in Canada decided to take action after witnessing a peer being bullied for wearing a pink shirt. Their simple act of wearing pink sparked a nationwide movement, which has grown globally, empowering individuals of all generations to stand up against bullying in schools, workplaces, and online.

For seniors, Pink Shirt Day is an opportunity to reflect on the values of respect and empathy, which are integral to building positive relationships. It's a day to encourage meaningful conversations about how bullying impacts everyone, regardless of age. Whether it's in the workplace, in social settings, or in family dynamics, fostering kindness and understanding can lead to stronger, more supportive communities. Seniors can serve as role models for younger generations, demonstrating how kindness can create a ripple effect that transcends generations.

Participating in Pink Shirt Day is simple: wear a pink shirt, share the message of kindness, and support initiatives that promote anti-bullying efforts. For seniors, it may also be an excellent time to connect with family, friends, or community organizations to raise awareness about the importance of respecting one another. It's a day to come together, spread love, and create an environment where bullying is not tolerated, and where everyone feels valued and accepted.

### Did you know?

Pink Shirt Day is Celebrated in over 180 countries including, Japan, China, Panama, New Zealand, the USA, France, Australia, the United Kingdom, and Lebanon.

# What to Expect at a Driver’s Medical Appointment

In Alberta, medical exams are required to re-new your license at age 75, 80 and then every two years afterwards. For many individuals, a driver’s license represents independence and freedom, and the possibility that this can be taken away often creates high anxiety. This article will walk you through what you need to know to prepare for a driver’s medical exam.

Prior to turning 75 years old, the government will mail you a letter stating that a medical exam is required in order to renew your license. The medical exam can be completed by a doctor or nurse practitioner. Once you receive this letter, call your provider’s office and ask to book an appointment for a seniors driver’s medical exam. This exam is

not covered by Alberta Health and will cost between \$100-175 if completed within Lethbridge or surrounding areas.

Bring your driver’s license and eye glasses, if applicable, to the appointment. At the appointment, a health practitioner will complete an eye exam and take your blood pressure. Whether additional exams are conducted depends on the clinic’s policy or doctor’s preference. There are two standard tests that are regularly used. The first, called a SIMARD-MD test measures cognitive function and entails memorization and delayed recall. The second is called a Trail Making Test and it assesses visual attention and task switching by asking the participant to draw lines from numbers to letters in an

ascending order. In instances where a passing mark is not attained, the doctor may request a driver’s road test.

To complete the appointment, the doctor will perform a general medical assessment by asking you questions about your health. The doctor will then print the driver’s medical form, sign it, and give it to you. Once this paper is in hand, you are set to head to the registry office!

## LSCO Groups

### AMATEUR HAM RADIO

The purpose of the LSCO Seniors Amateur Radio Group is to advance Amateur radio interests and where necessary, to provide emergency and community communications support. Newcomers are welcome to visit the Radio Room on the second floor at the LSCO and view our collection of “bygone days and current” amateur radio equipment. Anyone wishing to join the group or use the equipment with a member present, must have an amateur radio license. If someone would like to obtain their “ham” license, we do have volunteers who may help you with the licensing process at no cost except for the training manual. If you are interested in seeing what this is all about you are very welcome to pop in sometime for a visit and orientation.

When: Monday - Friday  
Time: 9:00 – 11:00 am (or longer on request and with notice).  
Fee: \$29/year & LSCO Membership

Split Keyboards - Ipads

I came up with this idea for a short article after getting frustrated hitting too many mms and nns instead of spaces while typing on my iPad Mini tablet. A bit of a historical ramble.... I took 3 years of typing in junior and senior high, probably some of the best courses I took, even though I never got over the magic barrier of 30 some words per minute. I took a typing test during one of my early job hunts. No, I didn't get the job, and yes, sometimes I still look at the keys and always when I'm on a touch screen. Dictation is AWESOME, but that's a subject for another article.

The technique for splitting keyboard varies by the version of your iPad OS. The following technique works on both iOS 15.8 and 17.7.

On an iPad, hold one thumb or finger on the left half of the keyboard, the other on the right, and pull them to the outside until the keyboard is split. Reverse the motion to put the keyboard back in place.

I noticed 2 changes when the keyboard is split; when choosing emojis the categories are listed on the left side, and you scroll up and down rather than right and left to find the one you want. The option to choose a number by sliding down is gone; you need to pick the number keyboard.

For more options and information do a Google Search:

“Apple how to split the keyboard on iPad” or “split keyboard on Android”  
Conclusion: using a split keyboard is very much a personal preference. For some of you it might be just what you were looking for. It didn't help me fix the mms and nns problem but it was a fun diversion.

Monthly Hint - Keyboard Shortcuts

Keyboard shortcuts are a quick way to do things on your computer without using your mouse. By pressing certain keys together, you can copy text, undo mistakes, and more! These shortcuts work in most programs, like email, word processors, or browsers.

COPY (CTRL + C)

Highlight the text or image you want to copy. Hold down the CTRL key and press C. This saves a copy of it to your 'clipboard'. You can then use the PASTE shortcut to put the 'clipboard' contents somewhere else

CUT (CTRL + X)

This performs the COPY function above and deletes what you have copied. Use PASTE to put the copied contents somewhere else. CUT can be very helpful for moving texts and images around in a document.

PASTE (CTRL + V)

To put the copied text or image somewhere new, click where you want it, hold CTRL, and press V.

UNDO (CTRL + Z)

Made a mistake? Hold CTRL and press Z to undo the last thing you did. It's like an “oops” button!

\*Mac computers have different symbols. Use the Command key instead of CTRL

## Discovering Community, Making Connections

Mike is a relatively young and new member at LSCO. He was born in Calgary in 1982 and resided there until 2008. He did his grades 1-6 within the Calgary public school system, getting bussed to school and having a social life. A teacher suggested that he might prefer a private school where the student-teacher ratio was much better than in the public system after elementary. Mike and his parents decided to take the plunge into the private system. Mike states that he had “quite a bit of freedom” as a child growing up in Calgary; his many years in Calgary have left him with many good memories.

Mike completed his Grades 7-12 at Delta West Academy with his High School diploma. As there was no gym, the students were out in the community trying many sports: e.g fencing, rock-climbing, skating, swimming, basketball, horseback riding, and luge at Canada Olympic Park. Mike’s most favourable high school memories involve trips to California and Greece. In California, he went to e.g. Disneyland, the San Diego Zoo, and the Museum of Tolerance (MOT) in Los Angeles. He liked the MOT the most; it featured various historical events of intolerance, like white supremacy, the holocaust, and genocide. For example, there were two hallways leading to two gas chambers and you took the hallway for “Men” or for “Women & Children”; apparently a rather foreboding darkness. Another was an opportunity to open a door labelled “Not Prejudiced” or one labelled “Prejudiced”; if you tried to open the ‘Not Prejudiced’ door, it remained locked, because, ‘we are all prejudiced about something at sometime in our lives’. Mike felt these were very strong and worthy messages.

Mike’s trip to Greece included 5 other students, two teachers, and a guide. He liked seeing the museums, ruins, and eating moussaka (an eggplant/potato & ground meat dish). Of his two trips, Mike would like to return to Greece someday.

In 2008, Mike’s parents retired and moved to Osoyoos, BC so Mike moved with them.

However, in 2012, Mike moved away to Penticton, BC and resided there for ten years to seek his independence. He decided to leave Penticton though because he felt that there was too much crime; thankfully he left before he became a victim of any particular crime e.g. you couldn’t leave your bike parked outside without fear of it immediately being stolen.

Mike’s work experience was at a bottle depot in Calgary a while ago, and at a Wal Mart in Penticton. He has a Web Design certificate from an online academic program. Mike then advanced his skills by creating a program using PHP and HTML which are tools used to build websites.

Mike re-joined his parents in Osoyoos in 2022. In 2023, the family decided to move to Lethbridge. As Mike has a paternal aunt which lives here, they were already quite familiar with Lethbridge. Mike was willing to move and says he has found the move turned out to be better than he expected. Overall, Mike says he is “pretty content” with his lifestyle for now.

Mike lives as independently as possible in his parents’ home. He has his own living quarters and cooks most of his own meals, which he learned to do in high school. His favorite dish is lasagna; he can make his own, but he is quite happy to let others make it for him, too. Mike does his own grocery shopping and can make a ‘mean’ shake-n-bake chicken’.

As far as sports, Mike enjoys watching F-1 (Formula 1 car racing) and NBA (basketball), especially the Toronto Raptors. He also likes Canucks and Flames hockey teams. Mike likes to walk outdoors and does weightlifting at LSCO. Mike used to play cribbage at LSCO, but is taking some time off to hone his skills and hope for better luck in the cards coming his way.

Mike Ford

LSCO LETHBRIDGE Senior Citizens ORGANIZATION

Mike likes country music, particularly the ex-rapper Jelly Roll and Chris Stapleton. That said, he’d probably be open to giving the symphony a try if the opportunity came along.

Mike likes TV’s Star Trek in all its incarnations. Mostly though, he is passionate about online gaming. He gave this writer an education into the world of how he “streams Twitch-TV” - a platform where people can watch others play video games Live. He has been playing *World of Warcraft* for an impressive 21 years! Mike indicates that he is very “tech-savvy”.

Mike says his auto-biography should be titled: How to be Interesting More Than Once.

Mike’s mother and aunt are also LSCO members - his aunt encouraging him to give LSCO a try for some things to utilize his time. Mike has been a member for less than a year, but has already come on board as a kitchen dishwasher once per week for most of that time. Mike is proud of his volunteering experience at LSCO, and should be. The organization is very pleased to have his diligence and patience in this role.

This writer very much appreciated Mike’s openness with this writer in sharing his story. Thank-you, Mike!

# The Importance of Self Care

Happy February everyone! The month of February can be a cold time, often the weather may deter folks from wanting to leave the house unless they have to. Often, this can lead to feelings of loneliness and isolation. I thought this month would be a great time to reflect on self-care and the importance of taking care of yourself and your emotional and physical wellbeing.

Taking care of yourself is important no matter your age, but it's especially important as you get older. Life can bring unique challenges like changes in health, new routines, or feeling a bit isolated, but focusing on self-care can make all the difference. It's never too late to build habits that help you feel better and enjoy life to the fullest. Staying active, even with simple exercises like walking or gentle yoga, can boost your energy and keep you moving comfortably. Eating nourishing foods and staying on top of your healthcare helps you feel strong and ready for anything.

Don't forget about your mental and emotional well-being—they're just as important as your physical health! Doing things that challenge your mind, like puzzles or learning something new, keeps you sharp. Connecting with others, whether it's family, friends, or community groups, can bring joy and remind you that you're never alone. Taking up hobbies, volunteering, or simply spending time on activities you love can give you a renewed sense of purpose.

Remember, taking time for yourself isn't selfish—it's essential. When you care for your own well-being, you're better able to support the people you care about. Little steps like staying active, eating well, getting enough rest, and finding moments to be grateful can make every day brighter.
